Teresa Clark-Massey
At-Large Director, 2018-2020

Dana Robertson
ILA State Coordinator, 2018-2020

Dear Council Leaders:

The new school year is upon us and it is time to begin the 2018-2019 membership drives for your local councils. First, I would like to introduce myself. I am the *WSLA At-Large Director and Webmaster*. I spent 24 years in Special Education teaching K-12 in a couple districts in Wyoming, and then began teaching 4th grade then 5th, and now currently serving as a 3rd grade teacher. I was recognized by Laramie County School District #1 for 20 years of service. I have served in many capacities for our local reading council and on the state reading council for over 20 years. I recently obtained my doctorate's degree in education.

We are excited about this year's possibilities and look forward to working with each of you in your efforts to support literacy in your local communities. In addition to ongoing benefits available for WSLA members, our state leadership has added a number of new opportunities to help support your efforts. These include:

- A key role in supporting literacy efforts across the state of Wyoming
- Subscription to and opportunities for publication in WSLA's newsletter
- Application for the innovative teaching Challenge Grant and continuing education Scholarship
- And many more exciting things through ILA

Accompanying this letter, you will find the president's message and a membership form. If you decide to pay online, please be sure to submit this form as well.

Sincerely,

Teresa Clark-Massey
At-Large Director
